

Beaver Scavenger Hunt

Where are the beavers?

Join us outside for the beaver scavenger hunt. Your findings will guide work to help beavers in the region, and you'll discover beautiful new places!

Instructions:

- **Download Survey123** from the app store.
- Scan this code with your phone's camera or click on this link while in your phone: <https://arcg.is/1vHKae>.
- Select "Continue without signing in"
- Select the "Great Beaver Scavenger Hunt" tile
- If you have found beaver sign, select "Collect"
- Select chewed sticks (which can include stumps) or beaver dam. If the beaver sign you have identified is not listed, select "other"
 - For each type of sign you discover, you must make a separate entry.
- Chewed Sticks:
 - From the multiple-choice options, select only one option and identify if it is "Fresh", "Older", or "Both" to the best of your ability.
 - Select the species if you can identify it. This is not required.
 - Follow prompts to take photos by selecting the camera icon for each category. **Take photos in landscape orientation.**
- Beaver Dam:
 - Using provided information, make an estimate of the dam's length and height and recent maintenance.
 - Follow prompts to take photos by selecting the camera icon for each category. **Take photos in landscape orientation.**
- Touch "Date and time" and it should auto-populate
- Location on map should be current. If not, make sure you have your location turned on for Survey123
- Input your information. Please include your contact info with your name on the first entry; any subsequent entries can just include your name (no need to re-enter contact info).
- Optional: You may add additional notes or pictures.
- Select check-mark sign on the bottom right corner of your screen.
- Select "Save in Outbox" to send later when there is a very stable internet connection.

Thank you!
